**Re: Docket No. DG 16-855  
Northern Utilities, Inc.  
Motion to Amend Order**

Dear Chairwoman Martin:

Foss Performance Materials LLC (“Foss”) is a manufacturer of specialty fibers and textiles for the automotive and flooring industries with a plant in Hampton, New Hampshire. Foss is both an electric customer of Unil Energy Systems, Inc. and a natural gas customer of Northern Utilities, Inc. (“Northern”). Foss has a special contract with Northern, which was the subject of the above-captioned proceeding. Foss inadvertently missed a reporting deadline set forth in the final order in this proceeding and it asks the New Hampshire Public Utilities Commission to extend the deadline and accept this filing as Foss’ report.

This motion is filed electronically only consistent with the Commission’s March 17, 2020 suspension of the requirement to file paper copies. Copies have been provided to the Office of Consumer Advocate and the service list.

If you have any questions, please do not hesitate to contact me.

Sincerely,

  
Thomas B. Getz
