**Re: DG 17-048; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities
Distribution Service Rate Case Compliance**

Dear Ms. Howland:

In compliance with Commission Order No. 26,122 dated April 27, 2018, enclosed for filing please find Liberty Utilities' illustrative tariff (see Attachment A) and draft customer notice detailing the rates, terms, and conditions associated with decoupling (see Attachment B). The notice also includes educational material that provides a definition of decoupling, a description of how the mechanism will work, and the changes customers can expect to see on their monthly bills. The Company plans to work directly with Staff and the OCA to further develop this communication and educational material following their initial review of the enclosed information, as shown in the attached timeline for customer communications (see Attachment C).

Included with this filing is the LDAC section of the Company's tariff (Section 17). The Proposed Revenue Decoupling Mechanism is detailed under the LDAC section of the Company's tariff. The Revenue Decoupling Adjustment Clause (RDAC) includes detail regarding the RDAC purpose, effective date, applicability, definitions, the underlying calculations and formulas, application to customer bills, and reporting requirements.

Liberty will contact the Commission Staff and the OCA in the next few weeks to commence discussion on the enclosed material and to begin refining the informational and educational material on decoupling.

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "David B. Simek".

David B. Simek
