Dear Ms. Howland,

I am respectfully asking that the PUC deny Liberty Utilities' petition for a Declaratory Ruling on their franchise request for Keene, NH without a public hearing.

As previously stated, the city of Keene is working diligently to promote sustainability and environmental awareness. Initiatives towards strategies to reduce greenhouse gas emissions and more renewable energy choices for it's local residents and businesses has been in the forefront and of great concern.

A public hearing should not be denied! Having grown up in Keene, please honor all of the valuable work that the city has done and respectfully allow the residents and businesses of Keene to have an important voice in what will make our city a safe and healthy place to live.

Sincerely,

Kristen Snowman-Shelley
