**Re: Docket No. DG 17-068; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a
Liberty Utilities – Keene Division**

Dear Ms. Howland:

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp., d/b/a Liberty Utilities, I write to inform the Commission that, as promised in the Company's "status report" filed on December 7, 2018, the Company has provided its "final comprehensive response" to the Safety Division's October 5, 2018, evaluation of the Company's temporary CNG facility in Keene.

Attached is the Company's February 22, 2019, cover letter to the Safety Division which provides an overview of the Company's response. Also attached is the spreadsheet previously filed with the Company's December 2018 status report that has been updated to describe the steps taken in response to the Safety Division's evaluation.

The Company is not filing the underlying documents provided to the Safety Division because of (1) relevance (the Order in this docket directed the Safety Division, not the Commission, to review the plans and report back to the Commission), because of confidentiality (many of the documents filed with the Safety Division are confidential pursuant to RSA 91-A:5, IV, Puc 201.06, Puc 201.07, and Puc 203.08 and since we have a good faith basis to seek confidential treatment of the documents, we would file a motion for their confidential treatment at or before the commencement of any future hearing), and because of volume (the plans and reports filed with the Safety Division entail almost 2,000 pages).

Thank you.

Sincerely,
