Record Requests

Received: April 17, 2019
Record Request No. 3
Exhibit No. 22

Date of Response: April 24, 2019
Witness: Christopher LeBlanc

Record Request:

Provide a calculation of the costs of the work stoppage to the Whitehouse Road, Rochester, NH, relocation project, which were incurred as a result of the damage incident on June 15, 2018 at 62 Whitehouse Road. Please explain the accounting treatment of these costs. Are these work stoppage costs included in the Company's step increase request?

Response:

The damage occurred on June 15, 2018 at approximately 12:20. The repair and clean-up occurred on June 15th and June 16th for a total cost of \$73,259.74. This work charged to a blanket CWO under our Distribution System Improvements budget category. These costs are not included in our step increase request. The total costs for NEUCO for these two days were charged to the leak and not the Whitehouse Road project.
