Subject: Petition for increase in rates for Pennichuck East Utility, Inc.

Commissioners:

Please be advised that I am against this rate increase. I am a senior citizen on a fixed income, living in Litchfield. I've had to have Pennichuck water service as my well has been polluted, through the fault and failings of big business and inattentive government. It's bad enough I have to now pay for water to drink, but adding insult to injury, they're going to tell me I must pay more.

Please consider all the facts and all the people before you make your decision. Thank you.
