

RATE SCHEDULE
GENERAL SERVICE - METERED
SCHEDULE G-M

Availability:

The rate is available for metered water service in the territory and franchised area subject to the terms and conditions of this tariff.

Character of Service:

Service shall consist of the production, treatment, and distribution of water for all residential, commercial and industrial requirements of customers whose premises abut any public street, road or way in which the Company has mains; provided, however, that such service shall only be rendered pursuant to the Terms and Conditions prescribed in other sections of this Tariff and the Rules of New Hampshire Public Utilities Commission for Water Service.

Rate:

A minimum customer charge shall be made for each customer whom service is rendered under this tariff, based on the meter size shown below:

| Meter Size | Current Rate |
|---------------|-----------------|
| 5/8" | \$ 20.45 |
| 3/4" | \$ 43.51 |
| 1" | \$ 61.58 |
| 1 1/2" | \$ 134.06 |
| 2" | \$ 198.89 |
| 3" | \$ 421.99 |
| 4" | \$ 662.53 |
| 6" | \$ 1,325.03 |
| 8" | \$ 1,654.90 |
| 10" | \$ 1,654.90 |

Volumetric:

In addition to the standard customer charge, the monthly volumetric charge based on usage will be as follows:

Volumetric Charge: \$ 7.42 per 100 cu. Ft.

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

Issued: October 10, 2018

Effective: January 8, 2018

Issued by Donald L. Ware

RATE SCHEDULE
MUNICIPAL FIRE PROTECTION SERVICE
SCHEDULE FIRE PROTECTION - METERED
LONDONDERRY

Availability:

This rate is applicable to all municipal fire protection service rendered in the Company's service areas for purposes of public safety, where such service is paid for from tax revenues by and of the Town.

Character of Service:

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

Current
Rate
 \$ 15.88

2) Inch-Foot Charge

The number of 'inch-foot' units in the distribution system is to be obtained by multiplying the number of linear feet of pipe each diameter (6" and larger) by the diameter in inches. The total number of 'inch-foot' units in the distribution system will be determined as of January 1st each year and will be the base for computing the 'inch-foot' charge for the entire year with one-fourth to be billed each quarter or one-twelfth to be billed each month.

Charge for each inch-foot unit to be

Current
Rate
 \$ 0.14590 per year

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

Special Provisions:

All hydrants, lead valves, branches and other appurtenances shall be and remain the property of the Company.

Issued: October 10, 2018

Effective: January 8, 2018

RATE SCHEDULE
MUNICIPAL FIRE PROTECTION SERVICE
SCHEDULE FIRE PROTECTION - METERED
LONDONDERRY

Availability:

This rate is applicable to all municipal fire protection service rendered in the Company's service areas for purposes of public safety, where such service is paid for from tax revenues by and of the Town.

Character of Service:

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

Current
Rate
\$ 16.07

2) Inch-Foot Charge

The number of 'inch-foot' units in the distribution system is to be obtained by multiplying the number of linear feet of pipe each diameter (6" and larger) by the diameter in inches. The total number of 'inch-foot' units in the distribution system will be determined as of January 1st each year and will be the base for computing the 'inch-foot' charge for the entire year with one-fourth to be billed each quarter or one-twelfth to be billed each month.

Charge for each inch-foot unit to be

Current
Rate
\$ 0.14767 per year

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

RATE SCHEDULE
MUNICIPAL FIRE PROTECTION SERVICE
SCHEDULE FIRE PROTECTION - METERED
DERRY

Availability:

This rate is applicable to all municipal fire protection service rendered in the Company's service areas for purposes of public safety, where such service is paid for from tax revenues by and of the Town.

Character of Service:

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

CAPITAL RECOVERY SURCHARGE

Availability:

The rate is applicable to all metered water service in the Company's following service areas:

Barnstead: Locke Lake
North Conway: Birch Hill
Middleton: Sunrise Estates

Character of Service:

Service shall consist of the production, treatment, and distribution of water for all residential, commercial and industrial requirements of customers whose premises abut any public street, road or way in which the Company has mains; provided, however, that such service shall only be rendered pursuant to the Terms and Conditions prescribed in other sections of this Tariff and the Rules of New Hampshire Public Utilities Commission for Water Service.

Capital Recovery Surcharge:

A capital recovery surcharge shall be made for each customer whom service is rendered under this tariff, based on the meter size shown below:

| <u>Service Area</u> | <u>Current Rate</u> |
|----------------------------|-------------------------|
| Barnstead: Locke Lake | \$ 12.81 |
| North Conway: Birch Hill | \$ 12.81 |
| Middleton: Sunrise Estates | \$ 10.74 |

The surcharge will be charged monthly over a period of 30 years to the record holder where the existing service is provided. The surcharge will be calculated in each general rate case to reflect the current number of customers in each system.

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

MUNICIPAL FIRE PROTECTION SERVICE
SCHEDULE FIRE PROTECTION - METERED
LONDONDERRY
~~TEMPORARY INCREASE~~

Availability:

This rate is applicable to all municipal fire protection service rendered in the Company's service areas for purposes of public safety, where such service is paid for from tax revenues by and of the Town.

Character of Service:

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

| Current Rate | Temporary Rate | | |
|---------------------|-------------------------------|-----|--------|
| \$ 15.88 | | | |
| \$ 13.35 | \$ 14.98 | (H) | 12.24% |

2) Inch-Foot Charge

The number of 'inch-foot' units in the distribution system is to be obtained by multiplying the number of linear feet of pipe each diameter (6" and larger) by the diameter in inches. The total number of 'inch-foot' units in the distribution system will be determined as of January 1st each year and will be the base for computing the 'inch-foot' charge for the entire year with one-fourth to be billed each quarter or one-twelfth to be billed each month.

Charge for each inch-foot unit to be

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

| Current Rate | Temporary Rate | | |
|---------------------|-------------------------------|-----|-------------------|
| \$ 15.88 | | | |
| \$ 13.35 | \$ 14.98 | (H) | 12.24% |

2) Inch-Foot Charge

The number of 'inch-foot' units in the distribution system is to be obtained by multipling the number of linear feet of pipe each diamter (6" and larger) by the diameter in inches. The total number of 'inch-foot' units in the distribution system will be determined as of January 1st each year and will be the base for computing the 'inch-foot' charge for the entire year with one-fourth to be gilled each quarter or one-twelfth to be billed each month.

Charge for each inch-foot unit to be

| Current Rate | Temporary Rate | | |
|-----------------------|-------------------------------|-----|-------------------|
| \$ 0.14590 per year | | | |
| \$ 0.12264 | \$ 0.13765 | (H) | 12.24% |

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

Special Provisions:

All hydrants, lead valves, branches and other appurtenances shall be and remain the property of the Company.

RATE SCHEDULE
CAPITAL RECOVERY SURCHARGE
TEMPORARY INCREASE

Availability:

The rate is applicable to all metered water service in the Company's following service areas:

Barnstead: Locke Lake
 North Conway: Birch Hill
 Middleton: Sunrise Estates

Character of Service:

Service shall consist of the production, treatment, and distribution of water for all residential, commercial and industrial requirements of customers whose premises abut any public street, road or way in which the Company has mains; provided, however, that such service shall only be rendered pursuant to the Terms and Conditions prescribed in other sections of this Tariff and the Rules of New Hampshire Public Utilities Commission for Water Service.

Capital Recovery Surcharge:

A capital recovery surcharge shall be made for each customer whom service is rendered under this tariff, based on the meter size shown below:

| <u>Service Area</u> | <u>Current Rate</u> | | <u>Temporary Rate</u> | | |
|----------------------------|---------------------|----------|----------------------------------|-----|---------|
| Barnstead: Locke Lake | \$ 16.36 | \$ 12.81 | \$ 12.81 | (D) | -21.70% |
| North Conway: Birch Hill | \$ 46.05 | \$ 12.81 | \$ 12.81 | (D) | -72.18% |
| Middleton: Sunrise Estates | \$ 10.74 | \$ 10.74 | \$ 10.74 | | 0.00% |

The surcharge will be charged monthly over a period of 30 years to the record holder where the existing service is provided. The surcharge will be calculated in each general rate case to reflect the current number of customers in each system.

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

RATE SCHEDULE
MUNICIPAL FIRE PROTECTION SERVICE
SCHEDULE FIRE PROTECTION - METERED
LONDONDERRY

Availability:

This rate is applicable to all municipal fire protection service rendered in the Company's service areas for purposes of public safety, where such service is paid for from tax revenues by and of the Town.

Character of Service:

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

| | |
|---------------------|-------------|
| | Current |
| | <u>Rate</u> |
| \$ 15.88 | \$ 16.07 |

2) Inch-Foot Charge

The number of 'inch-foot' units in the distribution system is to be obtained by multiplying the number of linear feet of pipe each diameter (6" and larger) by the diameter in inches. The total number of 'inch-foot' units in the distribution system will be determined as of January 1st each year and will be the base for computing the 'inch-foot' charge for the entire year with one-fourth to be billed each quarter or one-twelfth to be billed each month.

Charge for each inch-foot unit to be

RATE SCHEDULE
MUNICIPAL FIRE PROTECTION SERVICE
SCHEDULE FIRE PROTECTION - METERED
DERRY

Availability:

This rate is applicable to all municipal fire protection service rendered in the Company's service areas for purposes of public safety, where such service is paid for from tax revenues by and of the Town.

Character of Service:

The Town shall notify the Company, in writing, of an appropriate vote by the governing body of the city, town, village or other political subdivision stating where hydrants are to be placed. Such notification must be received by the Company before the installation of any hydrant affected has begun. The Company will make every effort to maintain normal pressures at all times on the distribution system, but shall not be held liable for the failure of either the supply or distribution division of its system to adequately furnish its normal quantity of water when such failure is due to the elements, natural causes, breaks, leaks, unusual or concurrent droughts, or the waste or unlawful use of water. The installation and maintenance of fire hydrants, and the supplying of water through such hydrants, is for the sole use of authorized fire fighting personnel for the control and extinguishment of any fire, or for any other use authorized by the Company.

Rate:

The charge shall be made up of the following by town:

1) Monthly Hydrant charge

For each hydrant installed, payable in advance, from the month of installation

| | |
|---------------------|-------------|
| | Current |
| | <u>Rate</u> |
| \$ 15.88 | \$ 16.07 |

2) Inch-Foot Charge

The number of 'inch-foot' units in the distribution system is to be obtained by multiplying the number of linear feet of pipe each diameter (6" and larger) by the diameter in inches. The total number of 'inch-foot' units in the distribution system will be determined as of January 1st each year and will be the base for computing the 'inch-foot' charge for the entire year with one-fourth to be billed each quarter or one-twelfth to be billed each month.

Charge for each inch-foot unit to be

RATE SCHEDULE
CAPITAL RECOVERY SURCHARGE

Availability:

The rate is applicable to all metered water service in the Company's following service areas:

Barnstead: Locke Lake

North Conway: Birch Hill

Middleton: Sunrise Estates

Character of Service:

Service shall consists of the production, treatment, and distribution of water for all residential, commercial and industrial requirements of customers whose premises abut any public street, road or way in which the Company has mains; provided, however, that such service shall only be rendered pursuant to the Terms and Conditions prescribed in other sections of this Tariff and the Rules of New Hampshire Public Utilities Commission for Water Service.

Capital Recovery Surcharge:

A capital recovery surcharge shall be made for each customer whom service is rendered under this tariff, based on the meter size shown below:

| <u>Service Area</u> | <u>Current Rate</u> |
|----------------------------|-------------------------|
| Barnstead: Locke Lake | \$ 12.81 |
| North Conway: Birch Hill | \$ 12.81 |
| Middleton: Sunrise Estates | \$ 10.74 |

The surcharge will be charged monthly over a period of 30 years to the record holder where the existing service is provided. The surcharge will be calculated in each general rate case to reflect the current number of customers in each system.

Terms of Payment:

Bills under this rate are net; will be rendered monthly, and are due and payable at the office of the Company on the due date as stated on the water bill.

Issued: October 10, 2018

Issued by Donald L. Ware

Effective: November 16, 2018
