Re: Delivery Service Tariff NHPUC No. 9 Tariff Pages Effective January 1, 2019

Dear Ms. Howland:

In compliance with the Commission's Order No. 26,207 in Docket No. DE 17-136 (Order Approving 2019 Statewide Energy Efficiency Plan Update) issued on December 31, 2018, and the Secretarial Letter issued in Docket No. DE 18-184 on December 31, 2018 (Approving Modification of Tariff for Removal of the Electricity Consumption Tax), the following tariff pages are transmitted herewith:

NHPUC No. 9 - Electricity Delivery  
Public Service of New Hampshire dba Eversource Energy

- 1<sup>st</sup> Revised Page 24A and 30
- 2<sup>nd</sup> Revised Page 25
- 3<sup>rd</sup> Revised Page 2, 19A, 22, 23, 24, and 48

Effective: January 1, 2019

These tariff pages implement an increase in the Company's system benefits charge and eliminate the electricity consumption tax effective January 1, 2019, as approved by the Commission in the Order and secretarial letter referenced above.

For customers receiving delivery service only from Eversource, the combined impact of the two changes is a 0.9% increase in the overall average retail rate. For customers receiving both delivery service and energy service from Eversource, the combined impact of the two changes is a 0.4% increase in the overall average retail rate.

Black-lined tariff pages denoting the changes associated with the electricity consumption tax were filed with the Commission on December 11, 2018 in Docket No. DE 18-184. Black-lined tariff pages denoting the remaining tariff changes effective January 1, 2019 and incorporating the authorization footnotes in compliance with the Commission's rules are included in this submittal for easy identification of the changes.
