Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 17-144
November 2017 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to the Commission's Order No. 26,068 in Docket DG 17-144, enclosed is Northern Utilities - New Hampshire Division's ("Northern" or the "Company") current calculation of its projected over or under collection of gas costs for the 2017 / 2018 Winter Period. The Company is also providing a summary of its hedging transactions and monthly inventory interest calculation, both updated through October 2017.

Northern's current calculation of costs has been updated to reflect the actual November 1, 2017 balance and NYMEX futures prices as of November 15, 2017. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.

If you have any questions regarding this filing, please do not hesitate to contact me or Chris Kahl at (603)773-6425.

Very truly yours,
