**Petition for License to Construct and Maintain Electric Lines Over and Across
the Androscoggin River in the City of Berlin, New Hampshire**

Summary of Order *Nisi* No. 26,142 Granting Water Crossing License

June 5, 2018

The Commission approved a request by Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) under RSA 371:17 for a license to construct and maintain electric lines. The proposed lines would be located over and across the Androscoggin River in Berlin, New Hampshire, from the intersection of Main Street (also known as NH Route 16) and Pleasant Street to the BioPower Berlin Station east of Community Street. The proposed crossing is a modification of an existing crossing. The Commission's Order, along with the petition and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted on the Commission's website at <http://puc.nh.gov/Regulatory/Docketbk/2017/17-155.html>.

The Commission determined that the proposed crossing is necessary to meet the reasonable requirements of service to the public and that the license could be granted without substantially affecting the public rights in the Androscoggin River at the location of the crossing. The Commission approved Eversource's license request subject to certain conditions related to the safe construction, operation, and maintenance of the proposed crossing.

The Commission delayed the effectiveness of its approval of Eversource's request to ensure the public receives notice of the Commission's determination and has an opportunity to

request a hearing. All persons interested in responding to the Commission's action may submit their comments or file a written request for a hearing, which states the reason and basis for a hearing, no later than June 22, 2018. Any person(s) responding to such comments and requests for hearing shall do so no later than June 29, 2018. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its order. The Commission's Order shall become final and effective on July 6, 2018, unless the Commission orders otherwise.
