**Re: Docket No. DE 17-189; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities
Petition to Approve Battery Storage Pilot Program**

Dear Ms. Howland:

On behalf of Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities, enclosed for filing in the above matter please find seven copies of the confidential version and one copy of the redacted version of Revised Appendix 1 to the original filing in this docket.

At the prehearing conference, the Commission asked the Company to reduce the amount of information in Appendix 1 for which it sought confidential treatment. Revised Appendix 1 contains substantially fewer redactions to the sections that compare and evaluate the various battery systems, and left un-redacted all references to Tesla and its products, which information is no longer confidential because the Company has selected Tesla as its vendor for the battery storage program at issue in this docket. Revised Appendix 1 is numbered Bates 29R through Bates 59R to track the original pagination.

Also enclosed is an original and six copies of the Company's motion for confidential treatment of information produced in response to discovery requests pursuant to Puc 203.08.

Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Michael J. Sheehan".

Michael J. Sheehan
