Subject: Granite Bridge Comment

Utilities Commission,

Dear Public Utilities Commissioners,

I want to urge you to deny any permits to Liberty Utilities for the construction of the Granite Bridge pipeline and tank.

Liberty Utilities has a horrible track record with public safety. They've been fined tens of thousands of dollars for safety and maintenance violations in the past and caused a "6 Alarm Emergency" in the city of Keene that cost \$50,000.

We need you to stop this project to protect our health and well being.

Ute Tellini
