**Subject:** Comment on the Granite Bridge Pipeline

Utilities Commission,

Dear Public Utilities Commissioners,

I write to you with the urgent request that you deny any permits to Liberty Utilities for the construction of the Granite Bridge pipeline and tank.

That we are having to spend time on such an issue is an outrage. We simply don't need Granite Bridge. A report published in 2017 by the University of New Hampshire stated: "no immediate need for New Hampshire to expand natural gas pipeline infrastructure." As you well know, this proposed project also would come with real safety risks.

As you also well know, the millions of dollars this will cost will be paid for UNNECESSARILY by taxpayers, money urgently needed in support of truly worthy sustainable energy projects for New Hampshire's future.

The citizens of New Hampshire are counting on you. Please stop this unnecessary and dangerous project from being built.

Sincerely,

Penelope Vernet  
Exeter, NH
