Utilities Commission,

Dear Public Utilities Commissioners,

I want to urge you to deny any permits to Liberty Utilities for the construction of the Granite Bridge pipeline and tank.

We simply don't need Granite Bridge. A report published in 2017 by the University of New Hampshire stated: "no immediate need for New Hampshire to expand natural gas pipeline infrastructure."

Please stop this unnecessary and dangerous project from being built.

The time for fossil fuel development is past. Let's save the planet instead!
