Subject: We Don't Need the Granite Bridge

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Utilities Commission,

Dear Public Utilities Commissioners,

I am writing in hopes that you will not issue any permits to Liberty Utilities for the Granite Bridge Pipeline. We need more natural gas in New Hampshire like we need more opioids. Fossil fuels threaten our health by fueling climate change, and it is past time to break our addiction to them. There are commercially available clean alternatives - energy efficiency, solar, onshore and offshore wind power - to meet our energy needs.

Please stop the Granite Bridge pipeline.

Thank you,
Susan Muller
