RE: Docket No. DE 18-002  
Public Service Company of New Hampshire d/b/a Eversource Energy  
  
2018 Energy Service Solicitation

Dear Director Howland:

On February 9, 2018 Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) submitted its proposed rates for its competitively procured default Energy Service (“ES”) for the period April 1, 2018 through July 31, 2018. In that filing, on Bates page 39 (page 2 of 5 of the testimony of Christopher J. Goulding), there is a table stating the proposed rates for Eversource’s Large customer group. Due to an oversight, the information there was incorrectly stated. To minimize confusion, Eversource is submitting this letter to address two corrections relative to the information in that table.

First, line 15 of the testimony references a calculation of the rates appearing in the table as coming from “Attachment CJG-2”. That reference should, instead, be to “Attachment CJG-1, page 2”. More importantly, the table is shown with incorrect units. Rather than “\$/kwh” the table should be in “cents/kwh.” The calculation included in Attachment CJG-1, page 2 lists the correct units. Eversource will formally correct the testimony and table on the record at the hearing scheduled for February 14, 2018.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum  
Senior Counsel
