FROM: David Goyette, Utility Analyst III

SUBJECT: DM 18-004, Clearview Electric, Inc. d/b/a Clearview Energy
Renewal of Registration as Competitive Electric Power Supplier

TO: Debra Howland, Executive Director

Executive Summary

Clearview Electric, Inc. d/b/a Clearview Energy has applied to renew its registration as a competitive electric power supplier. Clearview Energy's current registration expired on March 21, 2018. Clearview Energy submitted certificates demonstrating it has completed EDI testing with Eversource, Liberty, and Unitil and a surety bond with a three-year term. Staff recommends that Clearview Energy's registration renewal application be approved, pursuant to N.H. Code Admin. Rules Puc 2003.02(c)(1), for service in the franchise areas of Eversource, Liberty, and Unitil, for a renewal registration period ending on the termination date of the surety bond.

Background and Analysis

On January 18, 2018, Clearview Electric, Inc. d/b/a Clearview Energy (Clearview Energy) filed an application to renew its registration as a competitive electric power supplier (CEPS). Clearview Energy's currently active registration, which the Commission approved in Docket DM 17-012, expired on March 21, 2018. Clearview Energy's application included certificates demonstrating that it has completed electronic data interchange (EDI) testing with Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource), Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities (Liberty), and Unitil Energy Systems, Inc. (Unitil). On March 23, 2018, Clearview Energy filed a surety bond in the amount of \$500,000, which names the Commission as obligee, became effective on March 21, 2018, and may not be terminated prior to March 21, 2021.

Staff has reviewed the information in the application and believes it meets the requirements of Puc 2003 and Puc 2006.01. Staff recommends approval of a registration period concurrent with the term of the surety bond, beginning on the expiration date of the currently active registration, March 21, 2018, and ending at the close of business on March 21, 2021.

Clearview Energy filed documentation that demonstrates it has completed EDI testing with Eversource, Liberty, and Unitil. Staff therefore recommends that Clearview Energy's registration renewal application be approved, pursuant to Puc 2003.02(c)(1), with Clearview Energy permitted to operate in the service areas of Eversource, Liberty, and Unitil.

SERVICE LIST - EMAIL ADDRESSES - DOCKET RELATED
