Re: Delivery Service Tariff NHPUC No. 9 Tariff Pages Effective April 1, 2018 – Line Extension Rates

Dear Ms. Howland:

In compliance with the secretarial letter issued by the Commission on March 30, 2018 in Docket No. DE 18-030 (Line Extension Tariff Update), the following tariff pages are transmitted herewith:

NHPUC No. 9 - Electricity Delivery  
Public Service of New Hampshire dba Eversource Energy

3<sup>rd</sup> Revised Pages 26 and 27

Effective: April 1, 2018

In its secretarial letter, the Commission determined Eversource's updated cost per foot rates of \$25.20 for overhead single-phase construction and \$14.93 for underground single-phase construction are just and reasonable, and are approved for effect on April 1, 2018. In addition, the Commission directed the Company to file tariff pages referencing Docket No. DE 18-030. As directed by the Commission, the authorization footnote on the enclosed tariff pages references Docket No. DE 18-030.

Black-lined tariff pages denoting the changes effective April 1, 2018 have been submitted for easy identification of the changes.

Please let us know if there are any questions concerning this filing. We are sending one original and two copies of all filing materials.

Very truly yours,

Rhonda J. Bisson
