RE: Dockets Nos. DE 18-036, DE 18-037 and DE 18-038

Dear Director Howland:

On behalf of Unitil Energy Systems, Inc. ("UES" or "the Company"), enclosed are revised originals and six copies of each of the Company's initial filings in dockets DE 18-036, DE 18-037 and DE 18-038. These copies are identical to the original filings except that each have been revised to incorporate sequential page numbering at the middle of the bottom of each page. In addition, there is one additional new page included in the filing in DE 18-036: a new cover page with a Table of Contents is provided. In all other respects it is identical to the original filing.

Please contact me directly if you have any questions or concerns regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Epler".

Re: Unitil Energy Systems, Inc. Annual REP VMP Report 2017
DE 18-_____

Dear Director Howland:

Enclosed for filing on behalf of Unitil Energy Systems, Inc. ("UES" or "Company") are an original and six (6) copies of the Company's Reliability Enhancement Program ("REP") and Vegetation Management Program ("VMP") Annual Report ("Report") pursuant to the provisions of the Settlement Agreement in DE 10-055, Order No. 25,656 in DE 14-063, and Order No. 26,007 which approved the Settlement Agreement in Docket No. DE 16-384.¹

As required by Section 7.2 of the DE 16-384 Settlement Agreement, UES will continue to reconcile actual VMP and REP program O&M expenses for future calendar year to an amount of \$4,858,739. For calendar year 2017, the Company spent \$5,290,789 in VMP expense, \$71,143 of REP expenses related to VMP, and \$220,000 for reliability inspection and maintenance for a grand total of \$5,581,932. In calendar year 2017, the Company collected \$754,016 from Fairpoint Communications, providing for a net total expenditure of \$4,827,916. The net expenditure of \$4,827,916 is subtracted from the \$4,858,739 for a total over-collection of \$30,823, which will be credited to the Company's External Delivery Charge mechanism on May 1, 2018.

Please note that the Company is proposing an acceleration of the Storm Resiliency Program component of its VMP. The proposal is addressed in Attachment 1 to this Report. A Petition and Testimony in support of the proposal is being filed today under separate cover.

¹ On April 20, 2017, the Commission approved the Settlement Agreement in DE 16-384, which among other things, states that in an annual compliance filing, the Company will continue to reconcile actual calendar year vegetation management and reliability enhancement O&M expenses with test year costs. Any over- or under-collection shall be reflected in the Company's Schedule EDC (External Delivery Charge) on May 1 of the following year or with approval of the Commission, the Company may credit unspent amounts to future vegetation management program expenditures.
