Additional Costs

Electricity supplied directly through the ISO-New England-administered day-ahead and real-time energy markets can involve substantial direct and indirect costs including, but not limited to capacity and ancillary services costs, credit assurances, and NEPOOL and ISO expense assessments. In addition, participation in these markets may require processes such as load forecasting, scheduling and settlement in accordance with ISO-New England market rules.

Eligibility

This Agreement is for residential only. If you receive service under this Agreement and are not a residential customer, you will be charged the prevailing price per kWh charge to our month-to-month discretionary variable price commercial customers Summer Energy's commercial customer agreement (including terms of service) which will become effective upon receipt.

Credit and Deposits

Summer Energy may use credit reporting agencies to document and evaluate your credit and/or payment history. If you do not meet our credit standards or cannot demonstrate satisfactory credit, in accordance with the federal Equal Credit Opportunity Act, 15 U.S.C. Sections 1691 through 1691f, Summer Energy may require a deposit from you or may refuse to provide service. If a deposit is required, the amount shall follow all regulatory requirements and will be requested prior to beginning service with Summer Energy. Summer Energy will apply any cash deposit held on your behalf plus any accrued interest to the outstanding balance on your final bill, if applicable, and any excess amount will be refunded to you. Any deposit you provide us with be held in your name in our records. We may apply an early termination fee to any deposit you have provided us.

Term and Renewal

Your Agreement with us becomes effective when you physically or electronically sign your Letter of Authorization. For **Fixed Price Plans**, the number of months of your Initial Term is set forth in the Customer Disclosure Statement above. The Initial Term will commence on the date your electricity supply is switched by your EDC to Summer Energy, and will continue for the number of months indicated. After the end of your Initial Term, this Agreement will continue on a month-to-month basis and your price will become variable. That price may be higher or lower each month at our discretion. At least thirty (30) days and no more than sixty (60) days prior to the end of the Initial Term, we will notify you in writing via mail or electronically based on customer preference as specified on your contract of the terms of renewal of this Agreement and of your right to renew, reject or renegotiate this Agreement. While receiving service on a month-to-month basis, either you or Summer Energy may terminate this Agreement by providing termination thirty (30) days' prior notice of termination to the other.

Pricing

For **Fixed Price Plans**, the number of months of your Initial Term is set forth in the Customer Disclosure Statement above. Your price for electric generation service provided by us, including any monthly base charge, is also set forth above in the Customer Disclosure Statement. This price covers

your cost for energy commodity (all generation sources), scheduling, capacity, settlement and other ancillary services. That price will remain fixed until the end of your Initial Term; provided, however, that such price may be increased by us to reflect increased costs or charges resulting from federal, state or local laws or regulatory actions that impose new or modified fees or costs on Summer Energy that are beyond Summer Energy's control (see also the "Change in Law or Regulation" section below). After the end of your Initial Term, this Agreement will continue on a month-to-month basis and your price will become variable. That price may be higher or lower each month at our discretion.

If you are being charged a variable price, we set that price each month based on our evaluation of various market conditions. Market conditions that we might consider include, among other things: the prevailing price of wholesale natural gas or electricity on the market, costs involved in moving the electricity from the generator to your EDC, our total acquisitions costs for the electricity (including, where applicable, transmission costs and line losses), and the prevailing prices offered by your EDC and other competitors.

Billing

You will receive a bill monthly from your EDC which will include the price for electric generation service provided by Summer Energy and any other related charges or fees, plus charges from your EDC and applicable taxes. EDC charges may vary in accordance with applicable rules and tariffs. Any bill issued by us will conform to the bill format requirements of the New Hampshire Public Utilities Commission. Further, Summer Energy reserves the right to include or cause to be included in any subsequent bill, adjustments to the charges for electric generation service related to previous billings, previous billing errors, meter read errors, miscalculation of taxes or other errors or omissions, whether such bills are issued by your EDC or by us.

Payments

Your EDC will send you a monthly bill. Your bill will include our energy generation charge, as well as your EDC's charges, fees and assessments (including electricity delivery charges). You must make payment directly to your EDC for our charges

and the EDC charges on or before the due date of the bill, as determined by the EDC. The rules of the EDC's tariff filed with the New Hampshire Public Utilities Commission will apply to the billing, payment and collection of monies you will owe. Amounts payable directly to your EDC will be subject to a late fee or other charge as specified by your EDC in its applicable tariff.

If you are ever billed by Summer Energy, you agree to pay Summer Energy's charges in full within twenty (20) days from the date we mailed bill to you. Bills shall be deemed past due and delinquent at the close of business on the day the bill is due. Late payments, delinquent or past due balances for amounts payable directly to us may result in a late fee equal to the lesser of one and one-half percent (1.5%) per month or the interest rate posted in your EDC's tariff. If you fail to remit payment when due, then, in addition to any other remedies we may have, we have the right to terminate the Agreement upon thirty (30) calendar days' written notice, provided that you do not make payment or correct the problem that caused the termination within the thirty (30) day period. A \$25 insufficient funds fee per transaction will be assessed for any payment directly to us not processed due to insufficient funds or credit availability for any method of payment including checks, bank drafts or credit/debit card transactions. If any payments made by you directly to us are rejected two times in a one-year period, the only form of payment acceptable will be a certified check, money order or electronic funds transfer. If you make a payment for a lesser amount, which includes a statement or letter indicating that the lesser payment constitutes full payment, we may accept such payment without prejudice to any other rights and remedies that we may have against you and we may apply it to your account(s) as a partial payment. Summer Energy has a variety of bill payment options for bills issued directly by Summer Energy. For more details, please visit www.summerenergy.com or call us at the numbers listed below.

Termination and Early Termination Fee

We may terminate this Agreement and cause your electric generation service to be switched to your EDC, under its Default Service, as a default service provider if you fail to pay amounts due us or otherwise fail to perform your obligations under this Agreement. Your EDC's Default Service rate for

electric generation service may be higher than the rate under this Agreement for such service. We will notify you in writing via mail or electronically based on customer preference as specified on your contract at least ten (10) business days prior to cancellation of this Agreement for non-payment or other failure of performance or such other period as may be required by applicable rules.

You may terminate this Agreement without paying any early termination fee should you change the location of your residence and provide sufficient proof to us. If your new location is also in one of the EDC service territories served by Summer Energy, you may contact us for service. To terminate this Agreement, you may call, email or fax us at the contact numbers provided below. To terminate this Agreement, we may write or email you at the contact information for you provided or that you have otherwise provided to us.

If we terminate your service due to your failure to pay amounts due us, or otherwise perform your obligations under this Agreement, or if you terminate your service under this Agreement after the rescission period described in the Disclosure Statement expires and prior to the completion of the Initial Term (by switching to another CEP, EDC service or by contacting us), you will be assessed the early termination fee, if any, specified in your Customer Disclosure Statement. If your termination requires an early meter read or other special action by your EDC, you may be charged a fee established by the EDC. Regardless of the method or reason for termination of the Agreement, you are responsible for payment of all outstanding charges incurred through the date on which the termination is effected by the EDC.

Customer Protections

Residential electricity services provided under this Agreement are protected by this Agreement, and the rules and regulations of the New Hampshire Public Utilities Commission, Summer Energy will provide you at least thirty (30) calendar days' advance notice prior to any cancellation of service to you. You may obtain additional information by contacting Summer Energy at the contact numbers provided below. You may also contact the New Hampshire Public Utilities

Dispute or Complaints

If you have a billing or other dispute involving our service, please contact our Customer Service Department at the contact numbers provided below or emailing service@summerenergy.com. You must still pay your bill in full, but may deduct the specific billing amount in dispute while the charges remain in dispute. The dispute or complaint relating to a residential customer may be submitted by us or you at any time to the New Hampshire Public Utilities Commission pursuant to its complaint handling procedures by calling the New Hampshire Public Utilities Commission Consumer Services Division or online through its website. You must continue to pay all undisputed billing amounts and any such payment shall be refunded if warranted by the New Hampshire Public Utilities Commission's decision. The New Hampshire Public Utilities Commission can be reached: by telephone toll free at 800-852-3793; in writing at: New Hampshire Public Utilities Commission, 21 South Fruit Street, Suite 10, Concord, NH 03301-2429; or by visiting www.puc.nh.gov. However, we may refuse service to anyone for any other reason permitted by applicable rules.

Contract Changes

Summer Energy may make non-material, non-price related changes to the Agreement by providing you with advance notice. If we make any changes that are material to your Agreement, we will

send you a written notice between thirty (30) and sixty (60) calendar days prior to making such changes explaining the changes and requesting your consent.

Attorney Fees

If you fail to timely pay the amounts due under this Agreement and we refer your outstanding balance to an attorney or collection agent for collection, or if we file a lawsuit, or collect your outstanding balance through probate, bankruptcy or other judicial proceedings, then you agree to pay reasonable fees and expenses (including attorney's fees) that we incur in the collection process.

Force Majeure

We will endeavor in a commercially reasonable manner to provide service, but we do not guaranty a continuous supply of electrical energy. Events that are out of our control ("Force Majeure Events") may result in interruptions in service. We will not be liable for any such interruptions. We do not generate your electricity, nor do we transmit or distribute electricity to you. Therefore, you agree that we are not liable for damages caused by Force

If a Force Majeure Event occurs, which renders Summer Energy unable to perform in whole or in part under this Agreement, our performance under this Agreement shall be excused for the duration of such event.

THE LIMITATION IMPOSED ON REMEDIES AND DAMAGE MEASUREMENT WILL BE WITHOUT REGARD TO CAUSE, INCLUDING NEGLIGENCE OF ANY PARTY, WHETHER SOLE, JOINT, CONCURRENT, ACTIVE OR PASSIVE, PROVIDED NO SUCH LIMITATION SHALL APPLY TO DAMAGES RESULTING FROM THE WILLFUL MISCONDUCT OF ANY PARTY.

Representations and Warranties

SUMMER ENERGY MAKES NO REPRESENTATIONS OR WARRANTIES OTHER THAN THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT, AND SUMMER ENERGY EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, WHETHER WRITTEN OR VERBAL, EXPRESS OR IMPLIED, OR

STATUTORY, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Renewable Energy and Renewable Energy Credits

If you have selected a renewable energy product from us, the following provision applies: We will, either directly and/or through our affiliate(s), retire, on your behalf, Renewable Energy Credits (“RECs”) resulting from electricity generated from renewable energy sources, which may include solar, wind, geothermal, biomass, biogas or low-impact hydro, in an amount matching your usage (or applicable percentage of usage, if applicable) in a calendar year. Such energy sources will be located in, or connect to, the electricity grid anywhere in North America. Each REC represents 1,000 kilowatt hours. You will not have electricity from a specified generation facility delivered directly to your meters; but, through this product, you can support generators of renewable energy that provide electricity to the electricity grid. Renewable energy source availability and generation varies hour-to-hour and from season-to-season, as does all customer electricity usage. Like all electric suppliers, Summer Energy relies on regional system power from the grid to serve our customers’ minute-by-minute

consumption. But, through retirement of RECs by us, and/or our affiliate(s), on behalf of customers, we will cause enough renewable energy to be delivered to the electricity grid to match your usage (or applicable percentage of usage, if applicable). We may take up to three (3) months after the end of a calendar year to retire RECs needed to fulfill this product. Neither Summer Energy nor any of its affiliates will be liable to you or any other party for any advertising assertions made by you related to this product including, without limitation, any claim or liability arising from a representation made as to the “green” or “carbon free” nature of the electricity of this product.
