

**STATE OF NEW HAMPSHIRE**

## Inter-Department Communication

**DATE:** October 31, 2018**AT (OFFICE):** NHPUC

**FROM:**  David Goyette, Utility Analyst III

**SUBJECT:** DM 18-136, Summer Energy Northeast, LLC  
Renewal of Registration as Competitive Electric Power Supplier

**TO:** Debra Howland, Executive Director

Executive Summary

Summer Energy Northeast, LLC has applied to renew its registration as a competitive electric power supplier. Summer Energy's current registration expires on November 1, 2018. Summer Energy submitted certificates demonstrating it has completed EDI testing with Eversource, Liberty, NHEC, and Unitil and an amendment that extends the expiration of its currently-effective letter of credit by one year and six months. Staff recommends that Summer Energy's registration renewal application be approved, pursuant to N.H. Code Admin. Rules Puc 2003.02(c)(1), for service in the franchise areas of Eversource, Liberty, NHEC, and Unitil for a renewal registration term of three years.

Background and Analysis

On August 30, 2018, Summer Energy Northeast, LLC (Summer Energy) filed an application to renew its registration as a competitive electric power supplier (CEPS). Summer Energy's currently-active registration, which the Commission approved in Docket DM 13-237, expires on November 1, 2018. Summer Energy's application included certificates demonstrating that it has completed electronic data interchange (EDI) testing with Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource), Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities (Liberty), New Hampshire Electric Cooperative, Inc. (NHEC), and Unitil Energy Systems, Inc. (Unitil). On October 1, 2018, Summer Energy filed an amendment to its currently-effective letter of credit (LOC) that extends the expiration date of that LOC by one year and six months, to May 1, 2020, which, if the registration period is for a one-year term, enables the LOC to meet the six-month extended claims period requirement of Puc 2003.03(b)(5). On October 30, 2018, Summer Energy filed residential and small commercial customer contract forms.

Staff has reviewed the information in the application and believes it meets the requirements of Puc 2003 and Puc 2006.01. Staff therefore recommends that Summer Energy's registration renewal application be approved, pursuant to Puc 2003.02(c)(1), for

a registration period of (3) years, beginning on the expiration date of the currently active registration, November 1, 2018, and ending at the close of business on November 1, 2021, with Summer Energy permitted to serve residential and small commercial customers and operate in the service areas of Eversource, Liberty, NHEC, and Unitil.

Staff further recommends that Summer Energy be informed that, pursuant to Puc 2003.03(e), if a CEPS's financial security instrument will not be renewed or extended beyond its expiration date, it must (1) provide written notice to the Commission of such non-renewal or non-extension no less than 60 days prior to the expiration date, and (2) file with the Executive Director a replacement financial security instrument meeting the requirements of the rules no less than 30 days prior to the expiration date, and that, under Puc 2003.03(f), a CEPS that fails to comply with the requirement to file a replacement financial security instrument is subject to fines, suspension, or revocation pursuant to Puc 2005.
