**Petition for License to Construct and Maintain Electric Lines
Over and Across the Piscataquog River in the Town of Goffstown**

Summary of Order *Nisi* No. 26,234 Granting Water Crossing License

April 22, 2019

On April 22, 2019, the Commission approved a request by Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) under RSA 371:17 for a license to construct and maintain electric lines and fiber optic cable over and across the Piscataquog River in Goffstown, New Hampshire. The crossing exists and is being upgraded, but was not previously licensed. The Commission's Order, along with the petition and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted at <http://puc.nh.gov/Regulatory/Docketbk/2018/18-155.html>.

The Commission determined that the proposed crossing is necessary to meet the reasonable requirements of service to the public and that the license could be granted without substantially affecting the public rights in the Piscataquog River. The Commission approved Eversource's license request subject to certain conditions related to the safe construction, operation, and maintenance of the proposed crossing.

The Commission delayed the effectiveness of its approval of Eversource's request to ensure the public receives notice of the Commission's determination and has an opportunity to request a hearing. All persons interested in responding to the Commission's action may submit their comments, or file a written request for a hearing that states the reason and basis for a

hearing, no later than May 6, 2019. Any person(s) responding to such comments and requests for hearing shall do so no later than May 9, 2019. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its Order. Unless the Commission orders otherwise the Order shall become final and effective on May 14, 2019.
