**Re: Docket DE 18-156 - Public Service Company of New Hampshire d/b/a  
Eversource Energy – Petition For License to Construct and Maintain Electric Lines  
Over and Across Land Owned by the State in the Town of Goffstown, New  
Hampshire**

Dear Ms. Howland:

As directed by the Commission's Order *Nisi* dated April 26, 2019 (Order No. 26,239) in the above Docket, Eversource mailed a copy of said Order to the New Hampshire Fish and Game Department ("Fish and Game") on April 29, 2019. Eversource has since received a communication from Fish and Game pointing out that Eversource neglected to inform the Commission in this Docket of the existence of a Special Use Permit ("SUP") issued by Fish and Game to Eversource on December 3, 2018, covering special temporary access rights over the Fish and Game land to access the Eversource easement and certain of the poles being replaced by Eversource pursuant to the newly granted Commission license.

To correct this oversight, Eversource is filing herewith a copy of Fish and Game's email communication of May 8, 2019, along with a complete copy of the SUP. Please note that as indicated in Fish and Game's email communication, Eversource did accurately describe its existing easement rights over the Fish and Game land, and Fish and Game otherwise has no issue with the Order *Nisi* in this Docket.

Thank you for your attention to this matter. An original and six copies are enclosed, and we are simultaneously making an electronic filing of this letter with enclosures.

Very truly yours,

Christopher J. Allwarden  
Senior Counsel
