**Petition for License to Construct and Maintain Electric Lines
Over and Across Land Owned by the State in Goffstown**

Summary of Order *Nisi* No. 26,239 Granting Crossing License

April 26, 2019

On April 26, 2019, the Commission approved a request by Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) under RSA 371:17 for a license to construct and maintain electric lines, including neutral wires, and fiber optic cable, over and across public lands owned by the State of New Hampshire in Goffstown. The Commission's Order, along with the petition and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are posted at <http://puc.nh.gov/Regulatory/Docketbk/2018/18-156.html>.

The Commission determined that the proposed crossing is necessary to meet the reasonable requirements of service to the public and that the license could be granted without substantially affecting the public rights in the state-owned land at the location of the crossing. The Commission approved Eversource's license request subject to certain conditions related to the safe construction, operation, and maintenance of the proposed crossing.

The Commission delayed the effectiveness of its approval of Eversource's request to ensure the public receives notice of the Commission's determination and has an opportunity to request a hearing. All persons interested in responding to the Commission's action may submit their comments, or file a written request for a hearing that states the reason and basis for a

hearing, no later than May 8, 2019. Any person(s) responding to such comments and requests for hearing shall do so no later than May 14, 2019. Following consideration of any comments and requests for hearing received, the Commission may further extend the final effective date of its Order. Unless the Commission orders otherwise, the Order shall become final and effective on May 17, 2019.
