RE: Docket No. DE 18-177
Public Service Company of New Hampshire d/b/a Eversource Energy
Petition for Continuation of Reliability Enhancement Program

Dear Director Howland:

Enclosed for filing, and consistent with Order No. 26,206 (December 28, 2018), please find a revised report of Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource") relating to its activities under the Reliability Enhancement Program ("REP") in calendar year 2018. In its initial report, submitted on April 26, 2019, Eversource had limited the scope of the report to match the scope of the program. Based upon discovery from the Commission Staff in Docket No. DE 19-057, however, the Staff had anticipated a broader report with a scope closer to prior reports. Accordingly, Eversource is providing this revised report in response to the Staff's request. It is being provided in response to discovery in Docket No. DE 19-057 at the same time it is being submitted in this proceeding.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,
