**Re: Docket No. DE 19-007  
EVERSOURCE PETITION FOR LICENSE TO CONSTRUCT AND MAINTAIN  
ELECTRIC LINES OVER AND ACROSS THE EXETER RIVER IN CHESTER, N.H.**

Dear Director Howland:

On January 9, 2019, Eversource filed the referenced Petition requesting a license for a line crossing over the Exeter River in Chester, New Hampshire. Accompanying that Petition was a Location Plan, dated October 12, 2018, identified as Exhibit 1 showing the general location of the crossing.

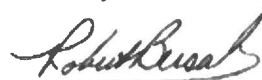

After that filing was made, members of the Commission Staff and Company personnel determined that the referenced Exhibit 1 needed to be amended. Attached please find a Revised Exhibit 1 dated August 6, 2019 that should replace the original exhibit in this docket.

I certify that pursuant to the Commission's rules, the required number of copies are attached and this filing will be served to parties on the Service List with the attached Revised Exhibit 1.

Should there be any technical questions concerning this filing, they may be directed to Eversource's Jeremy Fennell, CWS, PWS, CESSWI, Senior Environmental Specialist, who can be reached at 603-634-3396.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

Robert A. Bersak  
Chief Regulatory Counsel
