Application to Renew Registration as a Provider of Natural Gas

Aggregation Service

TO: Commissioners

Debra Howland, Executive Director

On January 28, 2019, Secure Energy Solutions, LLC (Secure Energy) filed an application to renew its registration as a provider of natural gas aggregation service. Secure Energy's currently-effective registration expires on February 1, 2019.

Commission Staff has reviewed the application and has determined that the filing is complete and the application meets the requirements for registration under N.H. Code Admin. Rules Puc 3000. Staff notes that, pursuant to Puc 3003.05(a), Secure Energy's renewal application should have been filed at least 60 days prior to the expiration of the currently-effective registration, on or before December 3, 2018. Staff recommends that a waiver of Puc 3003.05(a) be granted and that Secure Energy's application to renew its registration as a provider of natural gas aggregation service be approved, effective as of February 1, 2019, for a term of 5 years.
