PUBLIC UTILITIES COMMISSION

Docket No. DE 19-033 Unitil Petition for Approval of Time of Use Study

Petition for Intervention of Gerald M. Eaton

NOW COMES Gerald M. Eaton, pursuant to NH Code Admin Rule 203.17 and RSA 541-A:32,II, hereby petitions on behalf of himself to participate as a full intervenor on the above captioned proceeding. In support of his petition for intervention, Gerald M. Eaton says the following:

1. My name is Gerald M. Eaton. I wish to participate in this proceeding as an individual. My wife and I have been customers of Concord Electric Company, later Unitil Energy Systems, since 1982 at four locations in the City of Concord. In July 2018 we moved into a new home at 18 Second Street in Concord. We are considering exploring the option of installing photo voltaic panels on the south facing roof of this home; however, we are awaiting the return of the partial deciduous leaf canopy to determine if our home is a potentially viable site. Time of use rates would have an impact on my Unitil bill if we proceed to install solar power for net generation.
2. I am a member of the Concord Energy and Environment Committee (CEEC). The CEEC is currently developing a strategic plan to implement the Concord City Council's resolution calling for goals of 100% renewable electric energy by the year 2030 and 100% transportation and thermal and cooling energy by the year 2050. I would be reporting to the CEEC any public, non-confidential information presented in this proceeding; however, I am not representing the CEEC.
3. I participated in proceedings before the Commission from 1979 to 2012 representing first Community Action Programs and later Public Service Company of New Hampshire, now Eversource. I take the procedural schedule as it is. I would like to participate in technical conferences and Quarterly Check-in Meetings. I would also like to receive copies of non-confidential discovery.

NOW THEREFORE Gerald M. Eaton respectfully requests the Commission to grant this Petition to Intervene and order such further relief as may be just and equitable.

Respectfully submitted,

Gerald M. Eaton
