I am writing you today asking that you do not approve Eversource requested change of rates.

Eversource rates are already insanely high when you include all their distribution fees. They are receiving money from the federal government for improvements and now they want to add 2.9% to residential customers.

I hope that New Hampshire Public Utilities Commission will not be influenced by Eversource lobbying dollars such as:

| | | |
|--------|----------------------|----------|
| House | Charles Bass (R-NH) | \$52,700 |
| House | Frank Guinta (R-NH) | \$32,000 |
| House | Ann Kuster (D-NH) | \$28,500 |
| House | Jeb Bradley (R-NH) | \$24,583 |
| Senate | John E Sununu (R-NH) | \$22,000 |
| Senate | Maggie Hassan (D-NH) | \$17,550 |

Please consider the residents of NH who are already being over charged for electricity before the lobbyist dollars and vote down the rate increase.

Regards,

Mark Tellier
