Subject: Eversource Rate Increases Hurting the Senior Communities

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Good Day,

I feel that over the past 5 years, Eversource and the other utility companies are **raping** Seniors of much needed money to survive. They supply less and less services, repair of street lighting, power outage repairs in a timely manner, but want more pay raises.

Yet, they get blank checks from the State of NH for 15% or 25% increases, while our SSA gives us 0 to >2% increases to keep up with our Electric bills/Heat. When does it Stop ? I am sorry their Northway Power Project was disapproved. **Don't take it out on us (all the common people, Veterans and Elderly).**

Learn to say No, or live with less like we do.

Thank you, and say NO to increases for two years, so we can afford to live.

P. Duarte USAF
