Subject: Eversource rate increase proposal

Dear NH PUC,

My husband and I, both 84 years of age, and living on a fixed income, strongly protest Eversource's proposed 23.9% residential increase. Please reject this rate increase as it would be so unfair and burdensome for many people, especially the elderly, living in this great state. We already pay rates higher than other NE states, as you know.

Thank you for your consideration. We earnestly request you keep NH an affordable place for us to live.

Sincerely,

Jack & Mary Ellen Moran
