Re: BPA Final Report Transmittal

Dear Jay:

Attached is the completed BPA Report. This final Report reflects RCG's consideration of the suggested error corrections and comments submitted by Eversource.

As Eversource confirmed in its letter of May 31, 2023, that there is no confidential material in the draft BPA Report and RCG has not added any confidential material there is no need for a redacted version of the BPA Report.

RCG did not incorporate any comments that reflected improvements proposed or completed by Eversource after RCG completed its draft Report in August 2022 since verification of these improvements is outside our scope of work.

This Report is RCG's final work product. A copy is also being provided, currently, to Eversource.

Thank you for your support during this work effort.

Sincerely,

RIVER CONSULTING GROUP, Inc.
