RE: Docket No. DE 19-057 Notice of Intent to File Rate Schedules
Public Service Company of New Hampshire d/b/a Eversource Energy
CONFIDENTIAL Testimony and attachments of Douglas P. Horton

Chair Goldner:

On January 15, 2021, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource” or the “Company”) filed a motion to recover rate case expenses with attachments that included confidential information (titled “rate case expenses” on this docket’s webpage) along with a motion for confidential treatment of the confidential information. To date, the Commission has not acted on the motion for confidential treatment.

On March 18, 2022, Eversource filed testimony of Douglas P. Horton in support of recovery of rate case expenses that included an Attachment ES-DPH-1, which is a redacted version of the attachments to the motion to recover rate case expenses filed on January 15, 2021. The testimony did not reference any confidential information from the original filing. However, at the Commission’s request, the Company hereby resubmits Mr. Horton’s testimony to include the confidential version of Attachment ES-DPH-1. This confidential filing is otherwise exactly the same as the redacted filing from March 18, 2022.

As noted, the Motion for Confidential Treatment pursuant to Puc 208.03 of the confidential information in this filing (originally filed January 15, 2021) is still pending. Please refer to Eversource’s January 15, 2021 rate case expense filing in this docket for the Motion for Confidential Treatment of this information.

Following the March 17th letter of the Commission this petition is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
