Hello New Hampshire Public Utilities Commission Team,

I am writing as a customer of Pennichuck who just recently increased the cost of our water in our subdivision for the third consecutive year and this time with an increase of 21%. I am also the President of our community association (Thurston Woods Homeowners Association) and I have received complaints from the majority our community.

Will there be a hearing with Pennichuck regarding this increase?

If so, can you communicate so that we can attend?

Be safe and stay healthy!
