

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DE 19-087

VERMONT ELECTRIC POWER COMPANY, INC., AND VERMONT TRANSCO, LLC

Petition for Approval of Assignment of Easement Rights

Summary of Order *Nisi* No. 26,304 Approving Transfer

On October 29, 2019, the Commission approved the transfer of easement rights from Vermont Electric Power Company, Inc., and Vermont Transco, LLC (collectively, VELCO) to Public Service Company of New Hampshire d/b/a Eversource Energy. The easements are located in Claremont, New Hampshire, which are part of a one mile right-of-way running from VELCO's Ascutney substation in Weathersfield, Vermont to a transmission line owned by New England Power Company at a connection point in Claremont. The Order, petition, and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are available on the Commission's website at <http://puc.nh.gov/Regulatory/Docketbk/2019/19-087.html>.

The Commission delayed the effective date of its approval of VELCO's request, to ensure the public receives notice of the Commission's determination and has an opportunity to request a hearing. Persons interested in responding to the Commission's action may submit their comments or file a written request for a hearing, which states the reason and basis for a hearing, no later than November 15, 2019. Any person responding to such comments and requests for hearing shall do so no later than November 22, 2019. Following consideration of any comments and request for hearing received, the Commission may further extend the final effective date of its Order. Unless the Commission orders otherwise, the Order will become final and effective on November 27, 2019.
