**Re:** Public Service Company of New Hampshire d/b/a Eversource Energy  
Docket No. DE 19-104, Clean Innovation Community Solar Pilot Proposal  
Staff Status Report – recommending suspension until August 15, 2020

Director Howland:

This letter supports the updated report on Docket No. DE 19-104 submitted by Staff on May 14, 2020, so that the Commission may rule accordingly on how to proceed with Public Service Company of New Hampshire d/b/a Eversource Energy's ("Eversource") solar pilot project proposal. In its updated report, Commission Staff recommended a temporary suspension of this docket's work developing Eversource's solar pilot program due solely to the extensive disruption created by the COVID-19 pandemic.

Specifically, "Staff recommends suspending this docket until August 15, 2020, at which time Staff will file a second status report with the Commission. Staff anticipates renewed informal discussions with the Company no later than August 1, 2020." Eversource does not object to this recommendation and looks forward to resuming work with Staff at the start of August to ensure the docket is resumed and its purpose fulfilled.

Please do not hesitate to contact me if there are any questions or to discuss this matter. I am available on my cell phone or by email.

Regards,
