Re: Notice No. 2019-162 Conditional Approval Request
Puc 900 – Net Metering for Customer-Owned Renewable Energy Generation
Resources of 1,000 Kilowatts or Less
Public Utilities Commission Docket No. DRM 19-158

Dear Mr. Eaton:

Please find enclosed a Conditional Approval Request for the Commission's Puc 900 Rules for Net Metering for Customer-Owned Renewable Energy Generation Resources of 1,000 Kilowatts or Less. The Final Proposal for readoption with amendments of those rules is on the agenda for consideration by the Joint Legislative Committee on Administrative Rules at its meeting scheduled for June 19, 2020.

The Conditional Approval Request addresses comments and proposed edits received from your office. In addition, the Conditional Approval Request proposes revisions to Puc 903.03, "Where Multiple Projects Are Deemed a Single Facility," intended to address comments submitted by Public Service Company of New Hampshire, d/b/a Eversource Energy on May 22, 2020, as well as to correct a drafting error in that section identified as a result of further internal review.

We respectfully request that the Committee conditionally approve the Final Proposal with the revisions specified in the Conditional Approval Request.

Please let me know if you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Dianne Martin".
