Dear Director Howland:

Enclosed for filing with the Commission please find Public Service Company of New Hampshire d/b/a Eversource Energy's second supplement to the above referenced petition for licenses to cross public waters and State owned land. Pursuant to the Commission's notice of March 17, 2020, this filing is only being provided by email.

This second supplement adds reference in Section 10 to Shoreland Permits by Notification filed with the New Hampshire Dept. of Environmental Services for grading activity within 250' of the protected shoreland buffer zone associated with the project described in the attached supplemental petition. The previously filed Exhibits are unchanged and are not re-submitted with the enclosed supplemental petition.

Eversource respectfully requests that the Commission issue an Order *Nisi* with respect to this supplemental crossing licenses application.

Please include the following on the service list on behalf of Eversource Energy: Erik Newman (erik.newman@eversource.com); Melissa Price (Melissa.price@eversource.com); and Jeremy Fennell (jeremy.fennell@eversource.com).

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,
