RE: DW 19-177- Actual Rate Expenses pursuant to PUC 1905.01

Dear Ms. Howland:

Attached please find Lakes Region Water Company's schedule of Rate Case Expenses to meet PUC 1905.01(a) (1) c & d and (2) requirement of every 90 days thereafter.

As of June 30, 2020, the Company has incurred a total of **\$18,191.62** in Rate Case Expenses.

As previously filed on January 9, 2020, to meet PUC 1905.01a (1) a, b & d, and (3) requirements the Company selected Stephen P. St. Cyr and Attorney Richardson to provide the necessary rate case services. Steve St. Cyr's rate is \$140/hour and estimates that his total costs will be \$24,000.00. Attorney Richardson's rate for 2019 while employed for Upton & Hatfield is \$220/hour and his 2020 rate for his own practice "NH Water Law" is \$175/hour. Attorney Richardson estimates his total cost will be \$35,000.00.

PUC 19051 a (3) advises a total estimated cost of each service, at the time of the January 9, 2020 filing the Company did not have an estimate of cost for posting the notice or Steve E. Patnaude, LCR, or the Engineering review expenses as noted in the Company's attached schedule.

The Company apologizes for the delay in filing this requirement. The Covid-19 pandemic continues to present challenges for the Company's staff to overcome. We are all looking forward to resuming some sense of normalcy soon.
