**Re: Docket No. DE 19-197,  
Development of a Statewide, Multi-Use Online Energy Data Platform  
Request to Amend Procedural Schedule**

Dear Ms. Howland:

By Secretarial Letter dated February 14, 2020, the Commission approved a procedural schedule in the above-referenced docket. The schedule was subsequently modified by Secretarial Letter several times, most recently on November 17, 2020. Mission:data requests that the Commission further amend the procedural schedule – in particular, the Set 4 Discovery requests and responses – to allow for continuance of settlement discussions. Modifying the schedule would allow the parties to better utilize their resources before the holiday period and would not unduly delay this proceeding.

The following parties have agreed to the schedule below: Office of the Consumer Advocate; Clean Energy New Hampshire; Liberty Utilities; Community Choice Partners; Staff of the Public Utilities Commission. The following parties have no objection to the proposed schedule: Unitil, Eversource, and Packetized Energy. No party notified us of its objection to this proposal.
