**Re: Docket No. DE 19-197 Statewide Multi-Use Online Energy Data Platform:
Public Service Company of New Hampshire d/b/a Eversource Energy – substitution of
witness**

Director Howland:

Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”); filed both direct and rebuttal testimony in docket No. DE 19-197. One witness modification request has already been made, but due to an unforeseen staffing change, Eversource must request the substitution of an additional witness.

Benjamin Byboth, director of grid modernization, will no longer work for Eversource after April 30, 2021, and therefore must be removed from the roster of witnesses. Mr. Brian Rice, manager of regulatory projects, and Ms. Riley Hastings, lead analyst, strategic data management for energy efficiency, will address Mr. Byboth’s portion of rebuttal testimony. Both Mr. Rice and Ms. Hastings are already witnesses for this proceeding and have been tasked to this docket from the outset. They are thoroughly familiar with the topics at issue.

If there are any questions about this substitution, please contact me.

Regards,

Jessica A. Chiavara
Counsel, Eversource Energy
