**Re: Docket No. DE 19-197; Electric and Natural Gas Utilities
Development of a Statewide, Multi-use Online Energy Data Platform**

Dear Chair Goldner:

In Order No. 26,589 (March 2, 2022), which approved the Settlement Agreement in the above docket, the Commission stated the following at page 16:

The Commission requires the parties to submit the RFP for the consultant to assist with the RFP process for the integration of the utility back-end and utility API to the Commission for review and approval prior to issuance.

On behalf of Governance Council, and in compliance with the above directive, attached please find the RFP for the consultant to assist with the RFP process. The attached file includes the RFP and the associated documents that will be provided to potential bidders.

The Governance Council respectfully asks the Commission to complete its review and approval within two weeks "so as not to delay the development process," as recognized in the Order Following Status Conference, Order 26,701 at 6 (Oct. 11, 2022). Thank you.

Sincerely,
