**Docket No. DE 19-197**  
**Petition of Patricia Martin for Intervention**

Pursuant to the Order of Notice issued by the New Hampshire Public Utilities Commission on December 13 in the above-captioned proceeding, N.H. Code Admin. Rules PUC 203.17, and RSA 541-A:32, Patricia Martin hereby petitions for leave to intervene in this matter. In support of its petition, Patricia Martin states as follows:

Rule PUC 203.17 provides that the Commission shall grant petitions to intervene in accordance with the standards of RSA 541-A:32. RSA 541-A:32, part of the Administrative Procedure Act, provides that a petition to intervene shall be granted upon a showing that the petitioner has “rights, duties, privileges, immunities or other substantial interests” that may be affected by the proceeding, and “the interests of justice and the orderly and prompt conduct of the proceedings would not be impaired by allowing the intervention.”

According to the Order of Notice, this docket concerns the development, implementation, and maintenance of a statewide, multi-use online energy data platform in accordance with RSA 378:50 through :54 (as enacted earlier this year as 2019 N.H. Laws Ch. 286, and as proposed by SB 284); issues relating to privacy policies for customer data in accordance with RSA 363:37 and :38; issues relating to the availability and transmittal of aggregated community-level energy usage data pursuant to RSA 53-E:4; and the question of whether the cost of the platform to be recovered from customers is reasonable and in the public interest (or, alternatively, whether implementation of the platform should be deferred). For the reasons that follow, these determinations may impact the rights, duties, privileges, immunities, or other substantial interests of Patricia Martin.

I am seeking intervenor status as Patricia Martin, 17 Farrar Road, Rindge, NH; I am an Eversource customer and a volunteer on several energy committees including the Rindge Energy Commission, Keene, NH’s Clean Energy Team, the Monadnock Energy Hub and a community member of the Franklin Pierce Institute on Climate Action. In my capacity as a volunteer with substantial interest in grid modernization, I participated in the Grid Modernization Working Group. The concept of the data platform is of significant interest to me in helping my community to work toward a plan for clean energy and to access data that may be needed for pursuing Community Choice Aggregation (Community Power).

WHEREFORE, Patricia Martin respectfully requests that this honorable Commission:

- A. Grant the petition for intervention, and
- B. Provide any other such relief as it deems appropriate.

Sincerely,

Patricia Martin
