PUBLIC UTILITIES COMMISSION**

DE 19-197

ELECTRIC AND NATURAL GAS UTILITIES

Development of a Statewide, Multi-Use Online Energy Data Platform

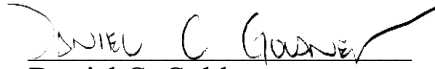

Procedural Order Re: Status Conference

On January 26, 2024, Liberty Utilities (Liberty), on behalf of the Governance Council, filed a letter requesting the Commission's preliminary approval of a regional approach for the Grid Resilience and Innovation Partnerships grant application for the Statewide Multi-Use Online Energy Data Platform. Liberty referred to an attached concept paper that was submitted to the United States Department of Energy (USDOE) on January 12, 2024, but this document was not included in its January 26 filing.

Liberty noted that the New Hampshire Department of Energy has concerns about a regional approach. Liberty requested that, if preferred by the Commission, a status conference be scheduled before February 9, 2024, which would allow the Governance Council "to present material to the Commission for discussion."

The Commission finds that a status conference would be helpful in this matter. Accordingly, a status conference is scheduled on February 8, 2024, at 9:00 a.m. Three hours have been allotted for the status conference. Liberty shall file with the Commission the concept paper submitted to the USDOE on January 12, as well as any other relevant material that will be addressed at the February 8 status conference, on or before February 2, 2024.

So ordered, this twenty-ninth day of January, 2024.
