**Re: SUPPLEMENT TO DOCKET DE 20-001  
PETITION OF PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE D/B/A  
EVERSOURCE ENERGY FOR LICENSE TO CONSTRUCT AND MAINTAIN  
ELECTRIC LINES OVER AND ACROSS PEQUAWKET POND AND SACO  
RIVER IN THE TOWN OF CONWAY AND ACROSS LAND OWNED BY THE  
STATE OF NEW HAMPSHIRE IN TAMWORTH, MADISON AND CONWAY**

Dear Director Howland:

Please accept this letter as a supplement to Public Service Company of New Hampshire d/b/a Eversource Energy's above referenced petition for a license for the Y138 Line to cross public waters and State-owned land. The petition filed in Docket 20-001 in Section 5 included unnecessary descriptive acronyms for the Structure types, which acronym's have been eliminated in the attached replacement petition at the request of the Safety Division.

Enclosed replacement Exhibit 8 has also been revised to include a depiction of Structures 126 and 129 as well as latitude and longitudinal coordinates for Structures 126 and 129.

Enclosed is a replacement Exhibit 1 location map which includes the location for all structures covered by this petition.

Also, in December 2019 Structure 115 was replaced owing to its severely degraded category D condition and that replacement prior to license has been acknowledged in revised Paragraph 3.

There are no further revisions to the Petition or supporting Exhibits at this time.

Pursuant to the Commission's rules, an electronic filing of the enclosed Petition is also being made with the Commission on this date.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

Erik Newman  
Real Estate and Transactional Counsel
