Re: IR 20-004, Electric Distribution Utilities
Investigation into Rate Design Standards for Electric Vehicle Charging Stations and
Electric Vehicle Time of Day Rates
Deadline for Written Comments

To Interested Stakeholders:

On April 3, 2020, Commission Staff (Staff) filed a recommendation regarding what rate design standards regulated electric distribution utilities should implement for electric vehicle charging stations and whether electric vehicle time of day rates should apply to residential and commercial customers. Staff recommended that the Commission provide interested stakeholders with a 30-day period to file written comments on Staff's recommendation.

Accordingly, the Commission will afford interested stakeholders an opportunity to file written comments on Staff's April 3, 2020 recommendation on or before Monday, May 11, 2020.

Sincerely,

A handwritten signature in cursive script that reads "Debra A. Howland".

Debra A. Howland
Executive Director
