## Liberty Utilities (EnergyNorth Natural Gas) Corp. and Liberty Utilities (Granite State Electric) Corp.

Investigation into the Effects of the COVID-19 Emergency on Utilities and Utility Customers Monthly Reporting Requirements

Report Month: February 2021 Request No. 2 Date of Response: March 30, 2021

#### **REQUEST**:

Provide the following data for each utility rate class:

- a. The number, and percentage, of customers who made partial or no payment in March, April, and May of 2019 and 2020.
- b. The number, and percentage, of customers who made partial or no payment in March, April, and May of 2019 and 2020 and did not have an outstanding balance during the prior six months.

#### **RESPONSE:**

System constraints have prevented us from retrieving the granular level of data requested – however, included are charts outlining received payments by rate class for each company.

Payments received in February continue to be lower than 2020, but are also less than was received in January for Granite State Electric customers. There was slight improvement from January to February for Energy North customers, however the payment numbers and dollars continue to be significantly less than the same period last year.

Investigation into the Effects of the COVID-19 Emergency on Utilities and Utility Customers Monthly Reporting Requirements

Report Month: February 2021 Request No. 3 Date of Response: March 30, 2021

#### **REQUEST**:

Describe any programs or initiatives undertaken to assist customers specifically as a result of the COVID-19 pandemic, the State of Emergency, Emergency Order #3, and the related stay-at-home restrictions.

#### **RESPONSE:**

There has been little change since last month's reporting. Liberty continues to take part in the following steps and initiatives to assist our customers affected by the pandemic. Liberty is also following the agreement resulting from hearings and technical sessions surrounding this docket, and is currently involved with additional discussions surrounding potentially amending the arrangement ahead of the beginning of collections for our Financial Hardship customers.

- Restrictions surrounding field visits, PPE
- Outbound calls
  - o Continue to identify potential customers affected by COVID
  - Geared specifically to setting up payment arrangements and ensuring customers were aware of potential assistance
- Adjusted payment plans
  - Extensions to typically offered payment arrangements for Residential and Low Income customers (12 and 24 months respectively)
  - Potential for \$0 down payments
- Multiple avenues of Customer Outreach
  - Social Media posts
  - Website updates
  - Signage and up front messages advising customers of Walk In Center closures.

Investigation into the Effects of the COVID-19 Emergency on Utilities and Utility Customers Monthly Reporting Requirements

Report Month: February 2021 Request No. 4 Date of Response: March 30, 2021

#### **REQUEST**:

Provide a detailed description of customer outreach undertaken to date.

#### **RESPONSE:**

During the pandemic, Liberty Utilities has continued to perform outreach to past due customers to ensure they remain aware of their account's balance and status. This includes outbound IVR calls, past due notices, and manual outbound outreach performed by our Collection Specialists. There is currently no threat of disconnection for our low income residential customers. Commercial collection activity has resumed as of 9/15/2020, and regular residential collection activity resumed as of 10/13/2020. The goal of all outreach is to set customers up on payment plans and ensure they are aware of any potential assistance programs who could help them with their bill.

Special attention has been made when speaking with our customers surrounding additional assistance available specifically due to the pandemic, as they become available and the company becomes aware of them.

Liberty Utilities' customer outreach through the month of February includes:

- Additional outbound calls from Customer Service Representatives with goal of setting up payment plans and ensure they are aware of potential assistance available.
- Social Media posts on Facebook advising customers that they can call our contact center at any time to discuss payment plan options, assistance, etc. Posts include information for customers on any updates or savings tips.
- NH Walk-In Centers remain closed with signage and up front IVR messages indicating closure.
- Updates to COVID-19 Update page on website, alert on homepage directing customers to this page.
- Liberty Utilities worked with the other NH utilities, NHLA, PUC and other assistance agencies and presented a planned Customer Webinar in November, allowing customers to

attend a presentation of payment assistance options in real time, ask questions and engage with the NH utilities.

Investigation into the Effects of the COVID-19 Emergency on Utilities and Utility Customers Monthly Reporting Requirements

Report Month: February 2021 Request No. 5 Date of Response: March 30, 2021

#### **REQUEST**:

Describe the Utility's review and evaluation of best practices and successful initiatives undertaken in other states.

#### **RESPONSE:**

Liberty Utilities has continued to work closely, both within and outside of the organization, to assess the evolving situation and ensure that we are providing as consistent as possible management of accounts across the country and across the state. Recurring check in meetings with the other 3 large NH utilities have occurred since March 2020. Liberty has been attending meetings with larger groups specifically surrounding this docket, as well as recurring meetings with Liberty counterparts across the country. Liberty Utilities has been involved with multiple meetings specifically regarding this docket and the discussions surrounding resumption of collections processing here in New Hampshire, including recent conversations surrounding potentially amending the agreement. Communication has remained paramount during the resumption of disconnections to ensure that we remain aligned with the other NH utilities in our approach and ensure that all guidelines outlines in the agreement for resumption of collections are honored.

Report Month: February 2021 Request No. 9 Date of Response: March 30, 2021

#### **REQUEST**:

Describe any supply chain disruptions the Utility is experiencing or expects may occur and the effects of such supply chain disruptions.

#### **RESPONSE:**

Liberty's Supply Chain is experiencing limited disruptions in material orders and no reported service shortages. A select few manufacturing suppliers of electric and gas materials are reporting uncommon production delays they claim are COVID related. In those cases where deliveries are impacted, we have found and received approval for alternate manufacturer's part numbers or using backup stock. Liberty's utility operations in both the gas and electric businesses have adequate materials availability and are sustaining any maintenance and construction with routine replenishment.

In-stock COVID related supplies are substantial and adequate in the current state. Our joint crisis team continues to discuss and assess the future supply needs as they align with a phased approach to reintegration of our work locations.

**July report response**: Regarding the current situation, the Utility (meaning Liberty Utilities (Granite State Electric Company) Corp. and/or Liberty Utilities (Energy North Natural Gas Company) Corp.) and/or its parent company do have adequate access to capital in the form of bank credit facilities. On July 17, 2020, the Utility's ultimate parent, Algonquin Power & Utilities Corp. closed on its equity offering of additional common shares which raised total proceeds of CAD 983 million before fees and commissions (USD equivalent is approximately \$724 million). Neither the Utility nor its parent company have suffered any credit rating agency downgrade as a result of COVID-19.

## Liberty Utilities (EnergyNorth Natural Gas) Corp. and Liberty Utilities (Granite State Electric) Corp.

Investigation into the Effects of the COVID-19 Emergency on Utilities and Utility Customers Monthly Reporting Requirements

Report Month: February 2021 Request No. 11 Date of Response: March 30, 2021

#### **REQUEST**:

Describe incremental costs associated with the COVID-19 pandemic since the State of Emergency order, how the cost is calculated, cost to date, accounting treatment, impact on earnings, and proposed or planned rate treatment.

#### **RESPONSE:**

The incremental costs are tracked by establishing work orders by departments to which all COVID-19 related expenses are charged. These work orders are mapped to the Miscellaneous General Expense Account (FERC 930.2). The use of work orders allows the Company to track these incremental costs by the categories described below:

- Labor consists of labor cost for field employees who cannot work from home, are not ill but have been exposed to the virus and have been asked to self-quarantine. Additionally, labor consists of time lost due to vaccination efforts of employees, including receiving the vaccine and any vaccine-related side effects, as applicable.
- Non-labor expenses principally relate to personal protective equipment, cleaning agents (sanitizers and towel wipes), and fees.
- Waived fees represent waived customer late fees. These fees, although they are not an expense, represent a cost of the pandemic because they represent revenue that the Company would ordinarily receive from fees that have been approved by the Commission. By not being allowed to charge those fees, the loss of revenue has the same impact to the Company's financials as the incurrence of an expense. Late fees are calculated within the billing system but not applied to customer accounts. The Company is tracking waived fees in Excel.

Total NH COVID-19 Expense as at February 2021								
	EnergyNorth	GSE		Total				
Labor	283,010		128,707	411,717				
Non-Labor	320,028		118,681	438,709

## Cost to date (Amount is based on Actual costs Incurred)

#### Accounting treatment, impact on earnings, and proposed or planned rate treatment.

Earnings impact (pre-tax) is equal to the amounts charged to expenses for the incremental COVID-19 costs and the amount of waived late fees that have not been recorded on the books. This impact amounts to \$1,478,807 for March 2020 through February 2021. The Company proposes that the Commission establish a regulatory asset in which these incremental costs can be deferred with future rate recovery of the costs to be determined at a later date. Taking into consideration things like quarterly and annual financial reporting, establishing a regulatory asset in the near future would allow for more clarity as to the financial impacts associated with the pandemic and would eliminate the effects of any inconsistent patterns in costs and revenue impacts that may be experienced as the pandemic continues over time.
