Dear Mr. Daniel Goldner,

It was a great disappointment to learn that you signed off on an order to reject the NH Energy Efficiency Plan that was carefully developed by all stakeholders and would have greatly benefit our state by decreasing energy use.

As a NH resident, I strongly believe that the state of NH needs to move in the direction of greater energy efficiency as soon as possible.

I strongly urge you to re-consider your decision and to provide the leadership that is needed to move this plan forward.

What can I do to help change your mind and approve this very important plan?

Could you please write back to me to let me know that you received my email and will take it into consideration?

Sincerely,

Elizabeth Barry
