Subject: Recent PUC and NH Saves Decisions
Date: Thursday, December 16, 2021 12:28:45 PM

My Name is Rob Everett and I am a Past President with Hudson Memorial VFW Auxiliary 5791. It is heartbreaking to believe that with all that is going on with the pandemic that the PUC would order the utilities to cut funding on new and current projects to save money and energy. Our Post Family which represents hundreds of veterans in the Hudson, Litchfield and Londonderry communities has been hit hard enough by the pandemic and as we work on not only cost saving measures but energy saving measures at both the Post and Bingo Hall. We after signing a contract and waiting months with supply delays were looking to amend but find out it is in jeopardy because of a recent decision of the PUC based off of old information. I strongly urge the PUC to reconsider this decision immediately and allow the existing contracts to move forward effective immediately and I would like my elected officials to ensure that this happens swiftly. We would also like to see this program continue in the future as it has truly helped not just our post accomplish some projects but we have discussed using it on some future projects with our aging facilities. I have also used this with another organization in this state and I am using a similar program with MassSaves at a Museum I volunteer for in Massachusetts as well.

Respectfully

Rob Everett
