**Re: DE 20-092 – 2021-2023 Triennial Energy Efficiency Plan
NH Utilities joint notification for SBC and LDAC rates effective January 1, 2022**

Chair Goldner:

Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty; Public Service Company of New Hampshire d/b/a Eversource Energy; Unitil Energy Systems, Inc. (UES); Liberty Utilities (EnergyNorth Natural Gas) Corp d/b/a Liberty; and Northern Utilities, Inc. (Northern) (collectively, “The NH Utilities”) submit this notification regarding the SBC and LDAC rates to be charged effective January 1, 2022 to the Public Utilities Commission (“Commission”) for filing in Docket No. DE 20-092.

The NH Utilities filed compliance tariffs consistent with New Hampshire Code of Administrative Rules Puc 1603 on December 16, 20, and 28, reflecting the SBC and LDAC rates in compliance with the directives of Order Nos. 26,553 and 26,556. The NH Utilities submitted these tariffs with the expectation that they would be approved in advance of January 1, 2022. While those compliance tariffs have not been approved as of this writing, the NH Utilities will begin billing the 2022 SBC and LDAC rates listed in Order No. 26,553 as directed, effective January 1, 2022.

Pursuant to Commission policy, this filing will be made electronically only; paper copies will not follow. Please do not hesitate to contact me with questions.
